

POSTER SESSIONS

14TH OCTOBER 2022 | Friday
Judging Time: 13:00 - 14:00

14 || SCREEN 1

ID 8 - Gallbladder cancer with jaundice: Surgery vs no surgery

Sugumaran K

ID 36 - Bile duct Injury: Resurgence of the problem in the valley

Sadaf Ali Bangri

ID 72 - A study of the health-related quality of life in patients operated for choledochal cyst - Retrospective and prospective observational study

Vivek Manoharan

ID 102 - Two year follow-up study on postoperative cases of hepatico-jejunostomy done for benign biliary diseases with focus on the factors leading to early recurrence of biliary strictures

Dibyashree Paul

ID 141 - Initial management of acute BDI: 10 year experience from a tertiary care centre in north India

Divya Jain

ID 266 - Response rates and tolerance for mFOLFIRINOX regimen in Indian patients with metastatic and unresectable gall bladder cancer - A prospective observational pilot study (Phase II)

Kailash Chand Kurdia

ID 249 - Role of neoadjuvant chemotherapy in locally advanced carcinoma gall bladder

Hitesh Sarda

ID 250 - Clinicopathological association of EGFR overexpression and KRAS mutations in carcinoma gall bladder

Hitesh Sarda

ID 343 - Choledochal cyst classification revisited - Cystic duct variants with and without Type 1 - Type 1D vs 6B

Murali Appukuttan

ID 261 - Outcomes of hepaticojejunostomy in post cholecystectomy benign biliary stricture

Gourang Shroff

14 || SCREEN 2

ID 282 - Management of acute bile duct injury: An algorithm based approach at a hepatobiliary referral centre

Divya Jain

ID 293 - Inhibitor of apoptosis proteins in gall bladder cancer - An immunohistochemical evaluation

Jaya Nigam

ID 312 - Total robotic roux -en-y hepatic jejunostomy for surgical treatment of choledochal cyst in children: Our early experience in tertiary care centre

Jayadatta Pawar

ID 361 - Review of long term effects of neglected CBD stent with stentolith and its management in single referral centre

Chaitra L

ID 2 - Low insertion of cystic duct (LICD) a largest case series and management guidelines

Debkumar Ray

ID 392 - Biliary decompression in portal biliopathy.lessons observed from a series of cases

Gargi D

ID 10 - Post cholecystectomy biliary fistula - Right posterior sectoral duct injury

Yogesh A Bang

ID 28 - Gall bladder agenesis: A case report

Alok Dubey

ID 280 - Fundus first method vs conventional approach in difficult laparoscopic cholecystectomy

Pratik Swain

ID 171 - Incidental gall bladder carcinoma after cholecystectomy for benign disease: An institutional experience

Sourodip Mukharjee

14 || SCREEN 3

ID 191 - The role of intraoperative cholangioscopy in determining the resection margins in Intra ductal papillary neoplasm of bile duct

Chitterusu Raghuram

ID 197 - Ciliated foregut cyst (CFC) of the gall bladder in the Calot's triangle - A case report with review of literature

Pallawi Priya

ID 209 - Peripheral hepatojejunostomy as a rescue procedure in case of difficult hilar dissection in a patient with bile duct injury s/p cholecystectomy

Tulsi Jaykar Chotai

ID 315 - Successful management of biliary ascariasis - A rare case report

Siva Subramanian

ID 233 - A case report of giant cystadenoma of the right lobe of liver

Mohammed Nahid

ID 243 - Study of correlation between gallstones and bactibilia

Pralay Majumdar

ID 254 - Feasibility of gasless single incision laparoscopic cholecystectomy as compared to SILC

Champak Meher

ID 257 - An interesting case of biliopleural fistula - A rare complication of mirizzi syndrome

Karthik Chalamalasetty

14 || SCREEN 4

ID 11 - Quality of life assessment and dysphagia relief following laparoscopic heller myotomy: Our experience

Vivek Chauhan

ID 170 - Early versus delayed surgery following neoadjuvant chemoradiation for esophageal cancer: A systematic review and meta-analysis

Anuj Goyal

ID 192 - Thoracoscopic enucleation of oesophageal submucosal tumours in prone position gives excellent long-term outcome: A single-centre experience

Nikhil Tayal

ID 325 - The role of Prognostic Nutritional Index as a predictor of post-oesophagectomy complications in patients with oesophageal squamous cancer, receiving neoadjuvant chemoradiotherapy - A retrospective analysis from an oesophago-gastric surgery unit

Angelo Christopher

ID 9 - Traumatic aorto-esophageal fistula - A bloody bone!

Anuj Goyal

ID 30 - Strangulated hiatal hernia post minimally invasive esophagectomy: A Case Report and review of literature

Vishu Jain

ID 40 - Impact of Nasogastric Tube Exclusion After Minimally Invasive Esophagectomy For Esophageal Cancer- A Comparative Analysis

Vignesh Natesan

ID 222 - Early outcomes (90 Day) following emergency gastrectomy and associated risk factors: An observational study

Twinkle Parekh

ID 369 - Clinicopathological profile of acid peptic disorders in patients of sickle cell disease in western Odisha

Sanjana Panigrahi

14 || SCREEN 5

ID 94 - Outcome following Colo-oesophageal anastomosis in standard Colon pull-up versus colo-pharyngeal anastomosis for high stricture following corrosive ingestion - A comparative study

Manish Kumar

ID 164 - Pittsburgh Severity Score in assessing outcome of patients of esophageal perforation in Indian patients; a single center experience

Nalini Kanta Ghosh

ID 180 - Management of acquired tracheoesophageal fistula with sternohyoid muscle flap interposition using lateral approach

Vivek Kaje

ID 196 - Minimally invasive esophagectomy: A govt teaching hospital experience from south India

Basavaiah Chowdary Damacharla

ID 227 - Surgery for achalasia cardia: Laparoscopy versus robotic heller's myotomy

Santhosh Kumar R

ID 337 - Minimally invasive surgery for oesophageal leiomyomas: A decade's experience from an upper gastrointestinal surgical unit

Rachel Ponnala P

ID 366 - Surgical approach and outcomes of boerhaave syndrome - A case series

Mikkilineni Bharani

ID 340 - Clinico-demographic profile and short-term treatment outcomes in patients with gastro-oesophageal junction cancers receiving neoadjuvant chemotherapy and radical surgery

Lijin Selvens

ID 355 - Comparison of quality of life between proximal gastrectomy with double tract reconstruction and total gastrectomy for proximal gastric cancers

Azaz Ahmed

ID 44 - A prospective study to compare incidence of delayed gastric emptying (DGE) between loop and roux-en-Y gastrojejunostomy in patients with gastric outlet obstruction undergoing curative or palliative bypass surgery

Tushar Saini

15TH OCTOBER 2022 | Saturday
Judging Time: 13:00 - 14:00

15 || SCREEN 1

ID 21 - Preoperative nutritional assessment in patients undergoing gastrointestinal cancer surgeries and its correlation with post-operative outcomes

Shaik Sameer Ahmed

ID 334 - Step up approach and late emergency Whipple's pancreatico-duodenectomy in pancreatico-duodenal trauma

Murali Appukuttan

ID 359 - Role of nutritional risk assessment using MUST score in predicting poor outcomes in patients presenting to emergency with hollow viscus perforation - A prospective observational study

Manoj Kumar Thumma

ID 68 - Simple solution for long standing problem - Duodenal dieulofoy banding

Kiran Urabinahatti

ID 75 - Prevalence of abdominal tuberculosis patients requiring surgical management and assessment of clinical presentation, intra operative findings and operative procedures performed

M Mohammed Imran

ID 206 - Hydatid cyst - A master masquerader

Arunkumar Ashokkumar

ID 237 - A study of early oral feeding with traditional oral feeding in gastrointestinal surgery

Md Parvej

ID 389 - Factors affecting recurrence of pain after surgery for chronic pancreatitis - A retrospective study

Sunil Kumar Godara

15 || SCREEN 2

ID 367 - Role and efficacy of indocyanine green (ICG) fluorescence angiography in intra operative prediction of anastomotic leak post colorectal surgery - Interim analysis of a prospective study in a tertiary care hospital in India

Kush Satyen Parikh

ID 69 - An unusual case of rectosigmoid perforation - A case study and literature review

Nishnata Koirala

ID 77 - Comparative molecular analysis between right and left sided colon cancer - Single centre experience

Abhishek Gautam

ID 276 - Colonic barotrauma causing tension pneumoperitoneum due to transanal air insufflation

Manish Panigrahi

ID 99 - A prospective study to predict anterior resection syndrome by anorectal manometry among patients undergoing anterior resection of rectum

Vijayanand M

ID 112 - Gardner syndrome: A rare presentation with a benign fibroblastic tumor of arm

Purbaday Rakshit

ID 364 - Post operative morbidity and quality of life in complicated colonic diverticulitis

Swasthik K S

ID 115 - Stapled transanal resection of rectal prolapse and stapled resection of stoma prolapse - An observational study

Shubham Mukhopadhyay

ID 130 - Functional outcomes after low anterior resection in rectal cancer patients

Ranganatha D N

15 || SCREEN 3

ID 168 - Robotic versus laparoscopic low anterior resection of rectal cancer - Assessment of total mesorectal excision - A comparative study

Jigar Bimal Jariwala

ID 169 - Low anterior resection syndrome (LARS) - Magnitude and risk factors analysis

Jigar Bimal Jariwala

ID 174 - Dual gastrointestinal malignancies in general surgical practice and management: My experience

Kaustuv Ghosh

ID 175 - Retrospective study of familial adenomatous poliposis cases and their analysis and followup - Lessons learnt

Kaustuv Ghosh

ID 201 - Comparison of oral antibiotic bowel preparation with no bowel preparation in reducing surgical site infection in patients undergoing elective colorectal surgery: A randomised control trial

Kavyashree Mallesh

ID 205 - Surgical approach to retrorectal tumour - Single centre experience from India over a decade and a half

Rajeevan Philip Sridhar

ID 307 - Synchronous volvulus: A rare case of acute large bowel obstruction

Arunava Jana

ID 231 - An unusual retroperitoneal mass

Vivek Tandon

ID 238 - Association of C-reactive protein to Alvarado score and CT scan in diagnosing acute appendicitis

Tamoghna Das

15 || SCREEN 4

ID 137 - Synchronous intrahepatic cholangiocarcinoma and hepatocellular carcinoma - Double primary tumors of liver - A histological surprise

Shabana Abdul Jabbar

ID 182 - A curious case of methemoglobinemia complicating a pediatric live donor liver transplantation surgery

Harshini Motati

ID 183 - Standardization of hilar cholangiocarcinoma management in limited resources setting using a check list - A prospective study from a tertiary care center in India

Ankit Ahuja

ID 193 - Intrahepatic cholangiocarcinoma in cirrhotic liver masquerading as non-resolving liver abscess: A case report

Rahul D

ID 129 - Major liver resection for the neuroendocrine liver metastasis (NELM) - Short term and long-term outcome analysis of 9 patients

Dharmendra Dangi

ID 236 - NISCH SYNDROME (neonatal ichthyosis, sclerosing cholangiohepatitis) - A rare case of congenital cholestatic liver disease

Ch Madhusudhan

15 || SCREEN 5

ID 304 - Study on outcome of double purse string pancreaticogastrostomy following pancreaticoduodenectomy: A single centre experience

Rohan N U

ID 306 - Improvement in quality of life and symptomatology with early surgical intervention in chronic calcific pancreatitis - An Observational study

Sreejith P S

ID 327 - Recurrent GI bleed in a case of chronic calcific pancreatitis

Anbarasu Inbasekaran

ID 114 - Post-operative hyperamylasemia predicts severe morbidity after pancreaticoduodenectomy:

A silent evil

Kaushal Singh Rathore

ID 127 - Role of inflammatory and nutritional markers in predicting complications following pancreaticoduodenectomy

Rajeshwar Jotheeswaran

ID 6 - Outcome of surgical drainage of the pancreatic duct in chronic pancreatitis

Sardar Mohammad Rezaul Islam

ID 16 - A retrospective study of non-functional pancreatic neuro-endocrine tumours - Our experience

Alister J Victor

15 || SCREEN 6

ID 43 - Cysto-Biliary communication in patient undergoing surgery for hepatic hydatid cyst: A prospective study

Lajpat Agrawal

ID 119 - Single-tertiary center experience in management of progressive familial intrahepatic cholestasis

Ch Madhusudhan

ID 182 - A curious case of methemoglobinemia complicating a pediatric live donor liver transplantation surgery

Harshini Motati

ID 183 - Standardization of hilar cholangiocarcinoma management in limited resources setting using a check list - A prospective study from a tertiary care center in India

Ankit Ahuja

ID 193 - Intrahepatic cholangiocarcinoma in cirrhotic liver masquerading as non-resolving liver abscess: A case report

Rahul D

ID 357 - Strictureplasty in a case of hepaticojejunostomy stricture

Ayushi Jhunjunwala

15 || SCREEN 7

ID 70 - Treatment with long term follow-up of solid pseudopapillary tumor of pancreas - A largest single center experience from India

Amith Sreekanth

ID 83 - S amylase predicts morbidity in pancreaticoduodenectomy apart from POPF

Kaushal Singh Rathore

ID 116 - Pancreatoduodenectomy with multi-visceral resection - Outcomes of initial experience

B Selvakumar

ID 118 - Comparison of perioperative outcomes of modified blumgart pancreaticojejunostomy with dunking pancreaticojejunostomy following pancreaticoduodenectomy

Krishna Mohan Adhikari

ID 136 - Efficacy of rectal indomethacin in prevention of post-operative acute pancreatitis after pancreaticoduodenectomy - A randomized controlled trial

Anubhav Harshit Kumar

ID 143 - Primary lymph node gastrinoma - A diagnosis of exclusion - A rare case report

Gargi D

ID 158 - Pancreatic cystic neoplasms: A retrospective analysis from a tertiary center

Sreesanth Kelu Sreedharan

16TH OCTOBER 2022 | Sunday
Judging Time: 13:00 - 14:00

16 || SCREEN 1

ID 161 - Pancreatic cystic neoplasms: A retrospective analysis from a tertiary center

Gopi Ramu

ID 194 - Isolated retropancreatic tuberculous lymphadenitis with obstructive jaundice mimicking carcinoma: A case report

Basavaiah Chowdary Damacharla

ID 204 - DGE and PPH following pancreatico gastrostomy reconstruction in Whipple's surgery - A retrospective study

Kiran Urabinahatti

ID 230 - Renal cell carcinoma metastasis to pancreas - Report of two cases

Vishrita Gutti

ID 258 - An interesting case of chronic calcific pancreatitis requiring surgery - A case report

Karthik Chalamalasetty

ID 290 - Type 9 hepatic arterial anomaly during pancreatoduodenectomy - Kiss of the devil

Shreeyash Shirish Modak

ID 274 - Our experience in management of severe acute necrotising pancreatitis with covid-19 infection

Chinmay Kumar Dalai

16 || SCREEN 2

ID 79 - Indications and diagnostic yield of small bowel capsule endoscopy in a tertiary referral center

Nikos Viazis

ID 97 - Predictive factors of mortality in mesenteric ischemia presenting with intestinal gangrene

Vishu Jain

ID 110 - Spectrum of abdominal tuberculosis presenting as acute surgical emergency: Relevance in 21st century: A case series

Suraj Ethiraj

ID 240 - A rare case of calcified chylous mesenteric cyst in a pediatric child

Murali Appukuttan

ID 378 - Enterogenous cyst of the terminal ileum: A rare case report

Jagannath Das

ID 360 - A case report on an unusual cause of mesenteric lymphadenopathy - Diffuse ganglioneuromatosis

Venkkatesh Sreepathi

ID 25 - The outcome of operating on patients with intestinal gangrene - Their short term results and long term survival: A single unit's experience in India

Ruchir Bhavsar

ID 42 - Primary acute mesenteric ischemia - Review of an experience from single centre in southern India of 124 cases over 10 years

Reethesh R Shetty

ID 24 - Positive oral contrast challenge in small bowel obstruction

Ejaz Ahmad Bari

ID 385 - Ileo ileocolic intussuception in an elderly male - A case report

Sai Omm Sahoo

16 || SCREEN 3

ID 93 - A rare case of ectopic thymus presenting as an abdominal lump in an adolescent male

Anirban Ghosh Mazumder

ID 98 - Retroperitoneal lymphangioma in an adult - A report of a rare case

Shahana Gupta

ID 108 - Primary lumbar hernia: Case series with technical description of laparoscopy mesh repair

Vikeerna Bharti

ID 140 - Antibioqram patterns in GI surgeries at a tertiary care hospital

Neha Kantival

ID 147 - Chylous ascites following HPB surgery

Shri Kiran K

ID 176 - Prelaparoscopic intraoperative percutaneous transgastric partial (PIPeTraP) drainage with laparoscopic cystogastrostomy - A novel technique in the management of giant pseudocyst of pancreas

Vivek Kaje

ID 226 - A rare peritoneal egg

Sanjay Kumar Gurjar

16 || SCREEN 4

ID 292 - Factors affecting recurrence of pain after surgery for chronic pancreatitis - A retrospective study

Rohit Jain

ID 160 - Comparative study of antecolic versus retrocolic gastro / duodenojejunostomy on delayed gastric emptying in pancreatoduodenectomy patients

Subhankar Saha

ID 18 - Surgery in complications of acute pancreatitis - An appraisal of 14 cases

Sardar Mohammad Rezaul Islam

ID 26 - Agenesis of dorsal pancreas: Clinical challenges

Alok Dubey

ID 39 - Acinar cell density and fibrosis scoring in pancreaticoduodenectomy specimen for malignancies and its correlation with post-operative pancreatic exocrine and endocrine insufficiency - A prospective study

Shabana Abdul Jabbar

ID 329 - Management of SPEN in pregnancy

Hanumantha Naik

16 || SCREEN 5

ID 386 - Incidence and clinicopathologic correlation of shunt thrombosis / stenosis in EHPVO

Sreenivas Reddy Biravelly

ID 319 - Graft rinse prior to reperfusion in living donor liver transplantation: A prospective double-arm comparative study

Atish Ketan Parikh

ID 297 - Open label, randomized controlled trial of noradrenaline versus terlipressin in the treatment of hepatorenal syndrome and predictors of response

Sree Kumar Balasubramanian

ID 330 - Extensive invasive mucormycosis in post liver transplant patient

B T Sunil Bharath

ID 338 - Surgical series of large symptomatic biliary cystadenoma of liver

Murali Appukuttan

ID 302 - Association of graft to spleen volume ratio (GSVR) and outcome of live donor liver transplant (LDLT)

Bhanoo Tej Bathala

16 || SCREEN 6

ID 27 - Unclassified arterial anomalies: A single centre prospective study

Alok Dubey

ID 67 - Sarcopenia and sarcopenic obesity as predictors of poor outcomes in patients undergoing hepato-pancreaticobiliary surgeries - A retrospective plus prospective cohort study

Praveen Kumar T N

ID 308 - Expression of antimicrobial peptides in human omentum

Meenu Srivastava

ID 23 - Negative pressure wound therapy (NPWT) versus standard care for incisional laparotomy wounds in perforation peritonitis - A randomized controlled study

Harjeet Singh

ID 38 - Impact of prehabilitation on post operative outcomes in patients undergoing major abdominal surgeries

Supreet Kumar

ID 58 - Corrosive perforation of stomach and colonic necrosis: Rare presentation

Surbhi Satishkumar Desai

ID 80 - Gastrointestinal stromal tumours, single centre experience miscellaneous

Rahul D

16 || SCREEN 7

ID 241 - A study of conventional darnning with lichtenstein tension free mesh repair in uncomplicated inguinal hernia

Rajeev Ranjan

ID 277 - Interval appendicectomy - Antibiotics vs no antibiotics post operatively for prevention of wound infection

Manish Panigraha

ID 285 - Hydatid cyst of spleen - A rare case report

Rakesh Roshan Behera

ID 346 - Splenic infarct due to torsion in a case of wandering spleen with left diaphragmatic eventration - A rare entity

Sourodeep Mandal

ID 351 - Multiple splenic artery aneurysm - Case series

Thamarai Kannan Murugesan

ID 382 - A rare case of ectopic extra-adrenal left sided organ of zuckercandl paraganglioma with ectopic ACTH dependant cushing's syndrome and phaeochromocytoma managed surgically

Murali Appukuttan

ID 387 - Cost analysis of robotic and laparoscopic gastro and HPB surgery within first year of introduction of robotic surgery

Dhaivat K Vaishnav
